

PART A: CUSTOMER DETAILS

Date : _____ Customer PO No.: _____

Company _____

Company HBS Account No.: _____ Company Reg No.: _____

Contact Person : _____ Company VAT No.: _____

Physical Address _____ Postal Address: _____

Tel : _____ Cell: _____

E-mail : _____

PART B: PRODUCT DESCRIPTION

Test Sample Size overall: **Height:** _____ **Width:** _____

Product Type (i.e.Slider, CW, Shopfront, Casement): _____

Product Name : _____ System Supplier: _____

Glass type, Thickness, Treatment (Type 1): _____ Type 2 : _____

Special Requirements: _____

PART C: Test Ratings available - Class Designation (tick which is appropriate)

Test Equipment:
 TRB6000 - 001A

Test Method:
 SANS613 :2011
 (excl par 5.7)

Test pressure deflection selected

Air infiltration, Wind Deflection, Water penetration & Structural						
A1	A2	A3	A4	A5	A6	
1000	1500	2000	2500	3000	3500	

PART D: TERMS & CONDITIONS

1. Testing is only conducted at HBS Aluminium Systems Test Laboratory, Johannesburg.
2. Testing is conducted in accordance with SANS 613:2011 (excl par 5.7).
3. SANS 613:2011 (excl par 5.7) does not allow for a decision rule, as it is inherent in the standard and communicated before testing.
4. Products can be tested up to the A6 rating where pressures reach 5250Pa (530kg/m²) 3000 x 6100mm is the maximum size.
5. Please ensure that all the information supplied herein is correct before submitting, no changes to company details are permissible after testing has commenced.
6. Only HBS account holders can test. Your account will be debited with the test amount (check latest price list) and invoice issued to you before testing can commence.
7. The test will run over 4 days to allow for pre-testing. The sample is to be delivered to HBS Test Laboratory on the first of the four days.
8. Daily test extensions are granted to customers who are already in the process of testing, at the discretion of the laboratory for up to a maximum of 2 days. PO reflecting product code ARYZ4001 for daily fixed rate (check latest pricelist for pricing) is required.
9. Storage of test samples is available for up to 1 week before and after testing by prior arrangement only.
10. HBS Test Centre will endeavor to prevent theft and loss to customer test samples while on HBS premises, but cannot be held liable for any loss or damage whatsoever.
11. HBS Test Centre will not be held liable for any damage incurred to test sample during testing.
12. On the test day, the HBS Test Centre will run the full SANS 613:2011 excl par 5.7 test, should the sample fail the test, a new test date will need to be booked and paid for.

- 13. On the day of the SANS 613:2011 excl par 5.7 test will commence at 09:00am , two people from your staff are required to be present to affect corrections.
- 14. Power outages that delay testing by more than 2 hours will result in the day being forfeited and testing being moved to the next available day, should extra days be required to complete test, this cost will be for the customer's account.
- 15. Should we experience any equipment failure at any time during the test, we will immediately stop testing and conduct root cause analysis, depending on the extent of the problem, the test will be rescheduled.
- 16. Only persons that have been approved and possess a valid Pre-Visitation evaluation form are allowed access onto the laboratory. Right of Admission is still reserved.
- 17. All external parties that need to be present are required to be at HBS Test Laboratory on time.
- 18. Visitors will be inducted into the laboratory and given the safety rules and regulations that need to be adhered to by all during their 4 days in the lab.
- 19. Witnessing a test in the laboratory is at ones own risk, HBS cannot be held liable for any physical injuries sustained in the laboratory.
- 20. By signing this contract, you acknowledge and grant premission to HBS Aluminium Systems Test laboratory to analyse the test results.

PART E: Test Results

- 1. Test results will only be issued through an official test report that will be sent by the Lab Manager, at no stage during or after testing will verbal communication/feedback regarding test results be given.
- 2. The test report will be issued within 10 working days, provided all conditions are adhered to. It will confirm to which performance rating in SANS 613:2011 excl. par 5.7 the test sample complies or if it failed.
- 3. Test results are not transferable from one company name to another.
- 4. If the test is successful a standard Test Report will be issued. A certificate can be issued on request.
- 5. If the test is not successful a failed Test Report will be issued detailing the nature of the failure supported by pictures.
- 6. Should a test be abandoned for whatever reason, no test report shall be issued by the laboratory.
